

Bamboo wall cladding is the extended product from strand woven, produced for exterior and outdoor purpose, it has the complete characteristics of strand woven i.e. high density, super strong, high hardness, low formaldehyde emission.

Outdoor bamboo is the perfect choice to apply outside, such as wall paneling.

Bamboo wall cladding is true alternative to non-sustainable rain forest hardwoods.

### Outdoor strand woven Bamboo Wall Cladding Features:

- Weather Resistant, Durable, Waterproof
- Sealed by outdoor oil, anti-mold protection, anti-rot process

We are professional on outdoor wall covering bamboo produce, see more details as about exterior bamboo wall cladding :

### 1. there are 3 sizes of wall cladding available as:

1860 x 100 x 8mm

1860 x 100 x 10mm

1860 x 103 x 12mm

- For 8mm, and 10mm, there is NO Groove and Tongue, when install we need to fix with wall screw from visible surface.
- For 12mm, there is with Groove and Tongue, when install we need to fix with metal lock accessories from backside.

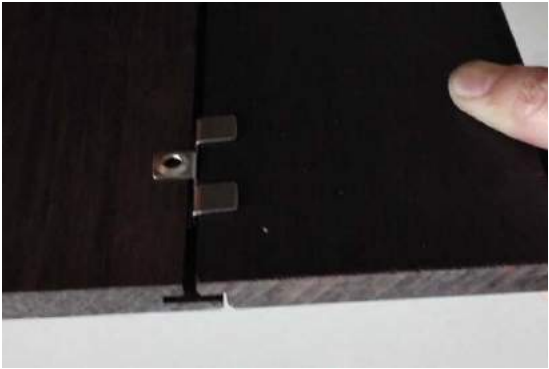

( see photo for 12mm with tongue and 10mm do not have it )
